Rikin Patel

Data Engineer at CVS Health | Researcher

Dallas, Texas, United States

Summary

As a Data Engineer at CVS Health, my past experience has allowed me to leverage my research skills and passion for robotics to enhance data-driven solutions. With a passion towards automation, I blend technical acumen with strategic insights. My role involves collaborating with a dynamic team to foster innovation and efficiency, rooted in my core competencies of entrepreneurship and analytics. Fluent in Gujarati, Hindi, and English, my communication skills further enable me to effectively contribute to our organization's goals.
